## BOARD AND COMMITTEE UPDATES

### Turning Small Recycling Efforts into Big Community Impact!

As part of our ongoing commitment to care for our neighborhood and environment, we'd like to share a friendly reminder, and an opportunity, to make our recycling efforts even stronger.

#### Here's a few easy ways:

- Flatten cardboard boxes before placing them out—this helps keep our service running smoothly
- Fill your bin to make the most of curbside recycling
- Save redeemable cans and bottles for our HOA Green Bag program.

#### A great opportunity for giving back:

Did you know that redeemable bottles and cans can support our HOA? Instead of tossing them loosely into recycling, consider participating in our Green Bag program! Here's how it works:

- Pick up a Green Bag with a QR label from Laurel (503.806.0175) or Jann and coordinate a drop off location.
- Place clean, empty bottles and cans inside the green bag! (no liquids, please!)

#### QUICK SAFETY REMINDER:

Remove or cover any personal information on items placed in recycling. Labels with your name or address can be used for identity theft. Many neighbors use an inexpensive identity-protection roller stamp to easily block out sensitive information (available online or at office supply stores).

**Small steps make a big difference—thank you for helping keep our community clean, safe, and connected!**

*Mark your calendars:*

*Next community member/board meeting is **Thursday, June 11th***

## LANDSCAPING COMMITTEE

In the coming weeks, Crystal Greens will be trimming our rhododendrons following their bloom cycle—this is the ideal time for any needed shaping. If you have a plant you prefer not to be trimmed, simply tie a **yellow ribbon** on it. Jann Gilbert has extras available if you need one.

We've also been notified that a broadleaf weed treatment is scheduled for the turf panels on **May 29** (weather permitting). As a precaution, please plan to stay off treated areas for 3–6 hours, or up to 24 hours if you prefer extra caution.

Thank you for helping keep our landscaping healthy and looking its best! 🌱
